Day Rates \$800/day: All film and media-related audio services, such as sound editing to picture, foley editing, voiceover recording, audio mixing and/or re-recording. A flat rate can often be negotiated. Please inquire for project sound supervision.

Sound for Picture Film, Television and Gaming: Please contact for an estimate on audio post-production projects. The quoting process is more involved with estimates often including additional labor, facilities and other expenses. Smaller projects can often be secured for a flat fee; larger projects require estimates and cost reporting.
